

MARCH - APRIL 2021 EDITION

A MESSAGE FROM THE PD CORE DIRECTOR

Happy Spring and welcome to the March/April installment of the MW CTR-IN Professional Development Core Newsflash! I hope that everyone has been enjoying warmer weather in their neck of the woods! I am heartened by the increased rates of vaccination across the country, and the increased optimism among my colleagues.

Although our virtual Grant Writing Workshop was pushed back to June, our PD Core is making the schedule of presentations even more engaging and helpful to participants. Please see details in Dr. Dagda's section.

In this installment, I am spotlighting an amazing set of resources curated by our MW CTR-IN colleagues in the Community Engagement and Outreach (CEO) Core. The CEO Core has developed an electronic Resource Library located within the CTR-IN portal (CEO Resource Library (umt.edu)). The Resource Library contains up-to-date technical journal articles, webinars, and trainings on numerous topics related to community-engaged and health disparities research. If the link above doesn't work, you can navigate to Resources=>CEO Resources Library once you log into the MW CTR-IN portal. Our last monthly ATRIP Meeting is scheduled for Friday, May 14th. I hope you can join us at this session.

Happy reading from the PD Core! We look forward to connecting with you soon!

Sincerely,

Larissa Myaskovsky, PhD
 Director, ATRIP Program
 Director, PD Core
 MW CTR-IN Program

MENTORSHIP

Akshay Sood, MD, MPH
 Associate Director, PD Core
 Mentoring Unit

We welcome you to become a more skillful mentor in scholarship by participating in the next training cycles of the Faculty Mentor Development Program and NIH funded research study (U01GM132175) starting on April 8 and June 9, 2021, once a week for 8-weeks. The study examines current best practices in faculty mentoring by randomizing participants to online asynchronous coursework alone or combined with video synchronous workshops.

RESEARCH EDUCATIONAL RESOURCES

Merle Kataoka-Yahiro, DrPH, MS, APRN
 Associate Director, PD Core
 Education Unit

NIH Common Fund Issues Awards to Stimulate Innovative Research on SARS-C-V-2 and COVID19

Support for COVID-19 Research - NIH Common Fund received \$30 million for the CARES Act 2020 to respond to coronavirus domestically & internationally. The Office of Strategic Coordination (OSC), which manages the Common Fund, issued an immediate funding opportunity in Fiscal Year 2020 for active Common Fund researchers to conduct SARS-CoV-2 and COVID-19 research. [OSC is planning new funding opportunities to support new research projects in these areas beginning in Fiscal Year 2021.](#)

FOR MORE INFORMATION ON SARS-COV-2 AND COVID-19 RESEARCH FUNDING OPPORTUNITIES FROM THE NIH COMMON FUND
